Heavy Rains Make the Ranchers Happy.

BUSINESS AND SOCIETY NOTES.

Horses Auctioned at Low Figures—Campers Making Extensive Plans—Mr. Walsh Visiting Old Friends—Mokoli calls in for Unfortunate Passengers.

MAUI, August 3.—Last year much complaint was made about the dry weather, and hard times and depression of business, was laid to that cause. But this year old Jupiter Pluvius seems resolved that no such cry shall be raised against him. Tuesday night he began to pour down his showers and has kept it up most bountifully to the present time. In consequence irrigation ditches are full to the brim, cisterns are well supplied, roads are muddy, and plantation men and ranchers are no doubt happy. The storm has been a most general one, covering all parts of Maui, and is considered very unusual for this time of year.

Dr. R. I. Moore, the dentist, from Honolulu, is at present at Dr. Aiken's, Paia, and is prepared to attend to any and all who may be unfortunate enough to require dental attention. Appointments may be made by telephone.

E. M. Walsh, wife and two children, arrived by the Likeli, Wednesday morning, and are the guests of C. H. Dickey, Haiku. Mr. Walsh is quite a kamaaina in these parts, Makawao having been his home for a number of years.

Yesterday morning about 6:30 o'clock, the little steamer Mokoli, dropped anchor in Kahului bay, and sailed about an hour later, with thirteen leper suspects on board, en route for the receiving station in Honolulu. Ten of this number came from Makawao district, the balance from Wailuku. Twelve of them were natives and one, a Chinaman. Their departure was the occasion of much weeping and wailing. The authorities have been quite assiduous in their search for such suspects here lately, and have a number more under surveillance.

Miss Lucy and Mr. Walter Haysdon departed for their home in Lahaina, last Tuesday afternoon, after a ten days stay at Haiku.

The literary which was to have occurred at Maunaloa seminary, was postponed on account of the weather.

There is talk of a novel camping party to start out of Makawao some time in the near future. The members of the party, names unmentioned, are to accomplish their journey on foot; are to proceed to Hana, by Huelo way, and from there on around, circling East Maui, and expect to do it in a marvelously short space of time. Whether their courage holds out long enough for them to make the attempt remains to be seen.

Willow Baldwin leaves per Like-like this evening for Makawao, Kauai, after nearly a month's vacation at his parents' home, Haiku.

An auction sale of horses was held in Wailuku last Saturday. Prices brought were very low.

A. C. Rulsson, Jr., of San Francisco, arrived yesterday morning by the Kinau, from Hilo, and is at Mrs. Bailey's, Makawao. Mr. Rulsson has been making a tour of the islands and will take in Haleakala while here.

The schooner Mary Dodge left port Wednesday morning en route for Fanning's Island.

The Forest Queen is expected to get away Wednesday next. Weather this morning, windy but clear.

Teachers' Benefit Society.

There is one subject which might be ventilated at the summer school which we believe has never been mooted in the islands, a teachers' benefit society. A large number of teachers now belong to the islands who probably will never leave them. They will not be young always, and some provision for age and infirmities should be made even by those who have the lowest salaries. Several good plans are in vogue in other countries, by which profitable returns are made for present deprivations. — Anglican Church Chronicle for August.

"HIGH JINKS."

Crack Volunteers Tender Victors an Enjoyable Feast.

Company D, having been defeated in the shoot with Company F at Makiki butts Saturday afternoon, tendered a "High Jinks" to the latter company at the drill shed according to previous arrangement. The affair went off with considerable eclat and afforded a great deal of enjoyment to both victors and vanquished. During the course of the evening the feeling of depression among the latter wore off entirely, and they joined heartily in the sport. Caterer Chapman furnished a sumptuous repast. Dancing, singing and recitations furnished a great deal of amusement. About one hundred members of both companies were present.

TRACY has just received from the States a large assortment of Children's Suits in very neat patterns, also in plain, navy blue and black. Prices very low. Also, extra line of knee pants.

DESCRIPTION AND TERMS:

CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15 1/4, fourth heat in 2:15, and fifth heat in 2:10 1/2, proving that he is a remarkably game as well as a speedy race horse. ("Creole by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent."—Breeder and Sportsman, Sept. 25, 1894.) He is 15 1/2 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foot getter.

Terms, \$50, with usual return privilege. Will make the season at the

HALL'S COTTAGE PAINTS

Do seem to please our customers a little better than any thing ever before brought to the Islands in the line. If you want cheap mixed paints do not call for these as they are made of pure lead, oil and colors, and not of "Long Island dirt" mixed with fish oil. They are cheap though if you wish to take lasting qualities and choice tints into consideration.

Our "NAVY DECK AND FLOOR PAINTS" also take well. These are especially prepared for floors and dry hard in a night.

Now that we have received our big invoice of GARDEN HOSE, and the pumping plant is about to get in its daily work, no one with a home should be without a garden or a nice green lawn. The hose we have is so well and carefully made that a 3-ply hose will last better than 4-ply of other makes, and is lighter to carry about.

CITIZENS GUARD, ATTENTION! A good deal of interest is being taken in Citizens Guard Company's on every island in target practice, and the Hilo Citizens Guard is about to issue a challenge for a 10-man match at 200 yards, with a National Guard of Hawaii Company. They all come to us when they want cartridges or targets, and many are learning to reload their old shells and can thus afford many more rounds per month, per man. We keep in stock the best assortment of loading tools, powder measures, lead ladles and moulds. Also the correct thing in way of powder, primers, lead, tin, etc. We have targets, and paper to make targets, and cutters to make pasters, and after you get an outfit from us you will be able to make 5's and 4's right along provided always that you are steady, if not the bromide store is right handy on the opposite corner from us. We also have a few of the best Military Target Rifles made. Scores of 47, 48 and 49 out of 50 made at the Honolulu Rifle Association range weekly prove this. The price is low and every man who enjoys target practice can afford to have one.

Call and satisfy yourself about our stock of all these things and our prices as well.
